History of the ACC

With the passage of the “Anguilla Community College Act” on 24th February 2009, the Anguilla Community College (ACC) officially came into being as the first indigenous tertiary education institution in Anguilla. It started as the Community College Development Unit (CCDU) in 2006 with a strong focus on providing training for the budding hospitality industry aiming, in the process, to maintain Anguilla’s position as a premiere tourist destination. To this end, Zenaida Café was established in March 2009 to undertake training in food and beverage preparation and service as well as providing catering and conferencing services.

Among the mandates of the College, as outlined in the Act, are the provision of relevant educational goods and services (including teaching and research) that support productivity and national development in the long run; the granting of certificates, diplomas, degrees, and other awards; and the establishment of partnerships with universities, colleges, and other relevant institutions.

As the ACC’s mission expanded, there was an expansion of its programmes, and consequently, the need to embark on a more rigorous governance/organisational structure. This recognition has translated into practice and to date has resulted in the delivery of programmes across several disciplines, in collaboration with regional and international colleges, universities, examination boards and accrediting bodies or agencies.

In June 2011, applications were invited for enrolment in Associate Degrees in Hospitality and Tourism and other professional development, academic, and technical programmes.

The ACC has seven academic divisions:

1. Business Studies
2. Continuing and Adult Education
3. Hospitality and Culinary Studies
4. Humanities and Education
5. Technical Studies
6. Technology
7. Sciences

Mission

We are committed to educating, inspiring, and empowering our community members to achieve lifelong goals and discover their potential by providing enriching, challenging, and equitable learning experiences.

Vision

A premier, dynamic institution of tertiary education that serves the needs of the community through high-quality, innovative, collaborative, and accessible learning opportunities.

Administrative Staff

MANAGEMENT TEAM

Dr Kenneth Williams
President

Dr Michelle Queeley
Dean of Studies

Mrs Charmaine Rey-Richardson
**Coordinator - Division Adult and
Continuing Education**

Mr Carl Whyte
**Coordinator – Division of
Technical Studies**

Ms Twyla Bradshaw-Richardson
**Coordinator – Nursing
Programme**

ACC Core Values

At ACC our core values include:

Inclusiveness. We appreciate and recognise the uniqueness of each individual and are committed to fostering educational practices that meet students where they are and that support their diverse learning styles. We also respect every individual's right to express themselves and be true to themselves relative to their religion, culture, nationality, sexual orientation, gender identity, and physical and mental ability. We do not attach labels - we serve our community with sensitivity, respect, and fairness.

Integrity. We are honest, transparent, and, as an apolitical body, we remain committed to acting in the best interest of the communities we serve. We act consistently; fairly, and with academic honesty and we conduct our classrooms, our operations, and ourselves ethically and consistently. We recognise our biases and work to address them. We maintain confidence and commitment: we do what we say we will do.

Accountability. We are open and transparent in our decision-making and communications. We act responsibly by meeting our commitments and obligations and by holding ourselves to the highest professional and operational standards as we seek to provide superior learning experiences and services. We are committed to following a results-based management approach to improving student outcomes, maintaining stakeholder satisfaction, and our delivery of services, processes, and programmes through consistent and iterative monitoring and evaluation. We also maintain public trust through responsible stewardship and fiscal transparency.

Innovation. We are proactive in developing and implementing new, meaningful, innovative programmes and services to meet our community's needs. We recognise the value of creating and facilitating applied, experiential learning opportunities and we are intentional in our use of existing and emerging technologies, recognising that we must continue to be creative in how we teach and how our students learn to remain relevant in an interconnected and ever-changing global society.

Excellence. We hold high expectations for our students, celebrating accomplishments and helping our communities to improve and succeed and ourselves. We value feedback from those we serve to improve our services, policies, programmes, and offerings. We push boundaries, take managed risks, and learn from and apply best practices.

Collaboration. We foster collaborative, engaging, and mutually beneficial connections and partnerships both within the Anguilla Community College and within the wider community.

Entry Requirements

Anguilla Community College entry requirements for students.

- Entry is based on high school transcripts for Form 4 and Semester 1 of Form 5.
- Applicants must have an average of 60 per cent for the prerequisite course(s) for their CAPE courses of choice.
- Students desirous of pursuing **CAPE Associate Degrees** must possess:
 1. English A and Mathematics at GENERAL PROFICIENCY WITH GRADES I – III
 2. A minimum of five (5) CSEC (or equivalent) subjects.
 3. In the area of study, applicants MUST possess Grades I or II in the prerequisites.

- **General entry requirement**

Basic entry requirements are four (4) CSEC subjects including English and Mathematics. Specialised programmes will have additional pre-requisite requirements (see program outline section). Applicants without Mathematics and/or English will be required to take the pre-college Mathematics and English course offered by ACC.

Programme Pathways

Students can opt to enroll in any of the following Associate Degree programmes with the prospective pathways:

1. ***CAPE Associate Degrees*** with twelve pathways
 - a) Accounts
 - b) Sociology
 - c) Entrepreneurship
 - d) Tourism
 - e) Financial Services
 - f) Environment Science
 - g) History
 - h) Natural Science
 - i) Law
 - j) Sports Studies
 - k) Industrial Technology
 - l) Information & Communication Technology

2. ***ACC - Associate Degree in Business Studies*** with four pathways
 - a) Associate Degree in Accounting & Finance
 - b) Associate Degree in Business Administration
 - c) Associate Degree in Marketing
 - d) Associate Degree in Small Business & Entrepreneurship

3. ***ACC - Diploma in Technical Studies***
 - a) BTEC Construction Level 2 Certificate

4. ***Media Technology & Design*** with four pathways
 - a) Associate Degree in Animation
 - b) Associate Degree in Graphic Design
 - c) Associate Degree in Interactive Media
 - d) Associate Degree in Screen Production (Film)

5. ***CTLS Associate Degree in Applied Science*** with three pathways
 - a) Associate Degree in Culinary Arts
 - b) Associate Degree in Food & Beverage
 - c) Associate Degree in Hospitality Studies

Details of Programme Offerings

CAPE Associate Degrees

ACC Sixth Form will offer twenty-five (25) CAPE courses. Consideration will be given to offer a course with at least five (5) students who are interested in taking the course. The ACC CAPE Courses are;

- | | |
|--|-------------------------------|
| Accounting | Information Technology |
| Biology | Integrated Mathematics |
| Building and Mechanical Engineering (BMED) | Law |
| Caribbean Studies | Literatures in English |
| Chemistry | Logistics and Supply Chain |
| Communication Studies | Management of Business |
| Computer Science | Physical Education and Sports |
| Entrepreneurship | Physics |
| Environmental Science | Pure Mathematics |
| Financial Services | Sociology |
| Geography | Tourism |
| History | |

ACC CAPE Supporting Courses

The CAPE Associate Degree requires students to make a selection from their supporting courses. CAPE supporting courses to be offered by Anguilla Community College

Humanities and Fine Arts	Social and Behavioural Sciences	Natural, Physical Sciences and Technology
Art and Design	Entrepreneurship	Biology
History	Geography	Chemistry
Law	Sociology	Environmental Science
Literature in English		Information Technology
		Physics
		Pure Mathematics

The other CAPE supporting course not listed can be offered based on demand. However, there will need to be at least five persons interested in doing the course. CAPE Units are 4 credits.

CAPE Prerequisites Courses

SUBJECT	PRE-REQUISITES CXC OR EQUIVALENT
Accounting	Principles of Accounts
Agricultural Science	Agricultural Science
Applied Mathematics	Mathematics
Art & Design	Visual Arts
Biology	Biology and Mathematics
Building & Mechanical Engineering Drawing	Physics / Technical Drawing / Mathematics
Chemistry	Chemistry
Computer Science	Information Technology or Mathematics
Digital Media	Information Technology
Economics	Mathematics
Electrical & Electronic Engineering Technology	Electrical & Electronic Technology
Environmental Science	Geography and Single Science
Entrepreneurship	Any Business Subject
Financial Services Studies	POA / POB / Economics
Food & Nutrition	Any Science
French	French
Geography	Geography
History	None
Information Technology	Information Technology
Law	None
Literatures in English	English A and English B
Logistics & Supply Chain Operations	POB or Economics
Management of Business	POA and POB
PE & Sport	PE & Sport / Biology and Physics
Performing Arts	None
Physics	Physics and Mathematics
Pure Mathematics	Mathematics
Sociology	None
Spanish	Spanish
Tourism	None

Projected Courses	Credits
ECP 101 Extended Classroom Practicum	

Application Process

Individuals desirous of attending the Anguilla Community College must complete all the application requirements as outlined below. Applicants who fail to complete all requirements risk not being admitted to ACC or delay or deferring their admissions.

The application process is explained below

1. Applicant complete and submit an Application Form <https://forms.gle/EywMrd7TSnd2bHVf6>
 - Applications should be completed online at www.acc.edu.ai
 - The following documents should be emailed to admissions@acc.edu.ai
 - A certified copy of Applicant's Birth Certificate
 - Proof of payment of the application EC\$120.00
 - A passport size photo of the applications (photo should adhere to the guidelines for passport photos by the Passport Office)
 - Academic high school transcript (Forms 4 and 5) should be submitted for evaluation.
2. ACC will review applications and transcript to ensure
 - Applicants meet the basic requirement for programme of interest
 - All required documentation is provided
 - All required fees are paid
 - Applicants meet the acceptance criteria for course or program of interest. Applicants who fail to meet the acceptance criteria will be advised of other available options
3. Upon release of the CSEC results a copy of applicant's CSEC results or other certification should be sent to the ACC office or emailed to admissions@acc.edu.ai. Transcripts will be verified against applicant's CSEC results.
4. An Offer Letter is issued to applicants who meet the criteria for their program of interest. The offer letter outlines the next steps in the process
 - The process of communicating their decision on the ACC Offer
 - Deadline for communicating their decision
 - Tuition fees for the course/program
5. The Applicant can accept, defer or decline the ACC offer.
 - A. If the applicant accepts the offer an Acceptance Letter is issued
 - B. If the applicant defers the offer, the applicant must indicate when they plan to begin their studies at ACC. The date will be indicated in the Acceptance letter. If the applicant is unable to begin at the date indicated this should be communicated to Registrar office one month before the start of the next cohort for the course/programme of interest.
 - C. If the applicant declines the offer the applicant's information will be added to prospective students for future offerings.
6. Upon receipt of all fees the student will be registered for courses and a timetable will be issued.

Application period: April - May (using school transcripts)

Academic year: September - July

Application Fee: EC\$120.00

Further Your Studies

Use your ACC qualifications to further your studies at any of the institution featured.

USA

Pathways from Anguilla Community College to Western Illinois for 2+2: 2+1+1 baccalaureate degrees; the option for a summer school experience for Anguilla community College students; access to existing excellence scholarships and other specifically crafted scholarships at Western Illinois

BDS

Anguilla Community College Hospitality Students can complete their Bachelor's Degree with Barbados Community College (BCC). ACC students can transfer course credits from Associate Degrees completed at ACC to BCC

USA

Wiley University is a premier liberal arts institution located in the state of Texas US. Founded in 1871, Wiley University is a nationally recognized liberal arts college aim at inspiring individuals to serve as a catalysts of social change in their community and professions.

USA

The esteemed liberal arts and science-based degree programs serve our diverse student body, giving them the knowledge and skillset to achieve their goals and aspirations, whether those are finding a job, pursuing further education, or becoming a more knowledgeable global citizen.
